Mauro David Favieri Robles

Barcelona, Spain • linkedin.com/in/maurofavieri • +34 685 14 36 15 • maurofavieri@hotmail.com

Junior developer with a focus on backend: Python, Django, FastAPI, and SQL databases. I've been learning programming and web development for almost three years, striving to become the best in my field. Like many others, I started with HTML, CSS, and JavaScript — and of course, fighting against impostor syndrome. Passionate about music, cinema, gaming, traveling and fitness. Check my GitHub: https://github.com/mauritoo0 - *Website:* https://mfavieri.netlify.app/
